Tuskegee University

Founded by Booker T. Washington

July 17, 2007

To Whom It May Concern:

This letter is in reference to Roosevelt Johnson Enterprises and his relationship with Tuskegee University's Student Government Association. RJE has showcased their tour here at the University since 2003 featuring headlining comedians and poets. (Joe Clair, Shang Forbes) and many others.

The artists were always on time and exemplified good behavior. He is always there with them to make sure that they are on time, and ready to perform on time. RJE has never canceled or postponed or even switched artists on the University since our relationship with him began.

RJE is dependable, reliable and professional and I have told my students that RJE is the agent to use because he is always on time, dependable, reliable and has a great attitude when he is in your presence, and on the phone. What you get on the phone is what you get in person. Roosevelt is a great person to work with and I highly recommend him to any institution for their comedy cabaret. He can get the best!

Sincerely,

Minnie R. Austin, Director
